

# Expanding The Vision

*...Building one community at a time  
For future generations*

## Introduction

Dear Friend,

This information package is to inform you of our exciting building fund and community development project.

Our desire is to build a state of the art facility to cater to both the spiritual and physical needs of our communities. We hope that as you read through this package you will be inspired to partner with us in this unique development.

The word of God states, "And a vision appeared to Paul in the night. A man of Macedonia stood and pleaded with him, saying, 'Come over to Macedonia and help us.'" Acts 16:9

We are aware that many are in need of, but do not have the means to acquire essential services such as childcare, employment assistance, education, care for the elderly and family support.

We believe that Ottawa and its surroundings will benefit from a strong growing Church that is involved in its community. Our hearts are to love people, to reach out and help lift one person, community and nation at a time.

There is always somebody in need from the oldest to the youngest, from the strongest to the weakest, and from the richest to the poorest and God has called us and placed us in a strategic location for this very reason.

This project has been designed with this purpose in mind, and all we need is the support, material and resources to make this dream a reality! Would you open your heart and consider investing into this project?

Thank you in advance for your support,

Yours Sincerely,

Pastor Alfred and AnnMarie Ogbumor
